Want to see your ideas screen on ABC TV?

ABC3 is a brand new kids tv channel and online world which will launch before Christmas.

ABC TV needs to tell all of Australia that **ABC3** is coming – and wants your help. We want primary school-aged kids to create a short video or online banner that shows why **ABC3** is the channel all Australian kids will want to watch.

You can either make a 15-30 second video or create an online animated banner – there's lots of information on the website www.abc3byme.nsw.edu.au. Let your creativity run wild, and your idea could end up on ABC TV!

We'll choose the best entries in each State, and from these finalists, select a Grand Champion. The finalists and winning entry will screen on ABC TV and online.

ABC3 is a digital tv channel created for primary-school kids. It will feature dramas, comedies, adventure series, music shows, wildlife, animation, quiz shows, Indigenous programs, news and sport. It will broadcast every day from 6am-9pm.

Online, **ABC3** will be home to fantastic new games, videos, social interactivity, user-generated content and lots more entertaining and fun activities. Plus you'll be able to watch your favourite **ABC3** shows online, anytime.

ABC3 is designed for maximum fun and enjoyment – and its launching just before Christmas, so holiday break is looking pretty sweet!

Up for the challenge?

Go to www.abc3byme.nsw.edu.au
Competition closes September 18.
